**DETAILED ACTION**

1. Applicants' response and amendment filed 7-30-03 has been entered.
2. New claims 62 and 63 have been entered.
3. Claims 1, 11, 12, 21-26, 36, 37 and 49-63 are pending and under consideration.

***Claim Rejections - 35 USC § 102***

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

5. Claims 21 is rejected under 35 U.S.C. 102(e) as being anticipated by Shepard et al (US Patent 5710255, 1-20-1998) for reasons of record set forth in the previous office action of 1-30-2003.

Art Unit: 1632

6. Claims 21-30, 36, 37 and 61 are rejected under 35 U.S.C. 102(b) as being anticipated by Xu et al (US Patent 5,496,731, 3-5-1996) for reasons of record set forth in the previous office action of 1-30-2003.

7. Claims 21-30, 36, 37 and 61 are rejected under 35 U.S.C. 102(b) as being anticipated by Lee et al (WO 90/05180, 1-17-1990) for reasons of record set forth in the previous office action of 1-30-2003.

### ***Response to Arguments***

Applicant's arguments filed 7-30-2003 have been fully considered but they are not persuasive. Applicants have argued that none of the references Shepard et al or Xu et al or Lee et al teach the deletion mutants of the SEQ ID NO recited in the claims. However, these arguments are not persuasive because all claims have "comprising" limitation which encompasses a sequence that has to have the amino acid sequence of the SEQ ID NO but in addition it can have other sequences. Accordingly, a full length protein will comprise the deletion mutant and therefore will anticipate the claimed invention.

8. As noted in the previous office action, claims 1, 11, 12, 49-60 are free of the prior art of record and are allowable.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will

Art Unit: 1632

the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
